## SMART WET BROOM VACUUM CLEANER DUAL EXPERT

### An outstanding cleaner for all floors

The new DUAL EXPERT wet broom vacuum cleaner is the fastest and most efficient way to clean all floors. It vacuum cleans and washes in a single pass: time saving is guaranteed!

#### INTELLIGENT DIRT SENSOR

Thanks to its dirt sensor, the DUAL EXPERT optimises cleaning by automatically adapting the suction power and the level of water to inject.

#### AUTONOMY : 50 MINUTES

The DUAL EXPERT vacuum cleaner has a lithium battery that provides up to 50 minutes of cleaning time. It is perfect for vacuum cleaning and washing all the rooms in the house at once.

#### SUPER HANDY

The device stands out for its easy handling. Self-propelled, it moves forward without any effort.

## CLEANING ACCURACY

An exclusive precision brush runs **along the skirting boards and reaches corners and obstacles within 2 mm.** This optimises cleaning in every corner and the smallest of spaces.

## SELF-CLEANING FUNCTION

To clean the cleaning brush, you don't need to wash it. Simply place the vacuum cleaner on its charging base and start the **90-second self-cleaning programme.**

## ALL TERRAIN

Thanks to the optional Pack Clean accessories, the appliance becomes all terrain: as well as **tiles and parquet,** it cleans **carpets and rugs.** It is even possible to vacuum clean without activating the water.

## LED DISPLAY AND VOICE FUNCTION

The LED indicator on the display shows **how dirty the floor is, the cleaning mode, the battery and tank levels and the water flow rate.** A voice assistant, which can be switched off, guides the user through the cleaning process.

## HIGH CAPACITY

The practical vacuum cleaner has two separate large capacity tanks (660 ml for clean water and 480 ml for dirty water), which **reduces the number of filling and emptying operations.**

## SPACE SAVING

Why bother with a broom plus a vacuum cleaner and a mop when **one appliance offers such a complete cleaning solution?**
