## MINI WALL-MOUNTED WASHING MACHINE

Without compromising on performance or design

Not everyone has the space or the need for a large family washing machine! That's why Schneider is offering the new mini wall-mounted washing machine.

With its compact design, it's perfect for small spaces like a studio flat, a small student flat, a second home, or as a complement to a conventional washing machine. The Schneider mini washing machine is also very practical in other environments, such as a motorhome, a boat or even a bed and breakfast. The chore of washing clothes is a thing of the past!

And, although small in size, the mini washing machine has all the performance, comfort and style of a large machine.

In a caravan  
or motorhome

## SPACE SAVING

With a width of 55 cm, a height of 65 cm and a depth of 32 cm, the Schneider wall-mounted mini washing machine frees up floor space.

## PRACTICAL

With a capacity of 2.5 kg, it is ideal for quickly washing children's and adults' clothes.

## DISCREET

Its BLDC Inverter motor offers excellent performance over time and low noise levels for use during the day or at night, with only 55 dB in wash mode.

## FUNCTIONALITY AND COMFORT

Even with its compact size, the mini washing machine has all the essential programmes and functions, including a steam function that eliminates 99.99% of bacteria and allergens.

## ECONOMICAL

Very energy-efficient, this washing machine is classified B, the second most energy-efficient class on the market according to the new energy label.

## STYLISH

With its Dark Grey colour and its smoked glass window, it adds a contemporary and elegant touch.

## EASY INSTALLATION

The mini washing machine is delivered with an installation template and fixing components. To install it, all you need is a water inlet and outlet, an electrical socket and a solid wall.

## ITS OTHER CHARACTERISTICS
