RANGE COOKER: 7 GAS BURNERS + 3 ELECTRIC OVENS

The Schneider range cooker offers **exceptional space for a broad range of highly flexible uses**, letting you cook an entire three-course meal simultaneously.

Cooking with gas lets you work quickly with high heat, keeping ingredients full of texture and flavour. Its **7 gas burners come in different sizes and power levels**, including a **very large central burner** which makes this Schneider range cooker perfect for **use with woks**. The burners are complemented by **3 electric ovens**, each with different sizes and functions (**multifunction, grill, fan**) but all with the same ease of cleaning!

The ovens have telescopic runners to make it easier to put dishes in and take them out, reducing the risk of spills. It also comes with a large under space which is **perfect for storing cookware**. This practical storage space means that pans, tins and dishes are just a flick of a door away.

Its **coated buttons, geometric handles and high-quality materials** ensure that this Schneider range cooker has unrivalled aesthetics that fit beautifully into any kitchen design.
